EDMONTON, ALBERTA, WEDNESDAY, MARCH 9, 1955

Section One—8 Pages

Importance Of Fishing Increasing In Alberta

EDMONTON — Commercial fishing, a little known industry in Alberta, represents a sizable income to the province and to the thousands of fishermen during both summer and winter months.

Oil, livestock and grain support the Alberta economy but the importance of fishing, particularly to northern residents, has been demonstrated.

Total fish production in 1954 was 11,000,000 pounds, an increase of nine per cent over the previous year and an increase of 40 per cent in 10 years.

Value of the 1954 catch to fishermen was \$1,210,000 compared with \$900,000 the year before.

The majority of the fishing lakes are in the northern part of the province, as in Saskatchewan and Manitoba. The greater part of the catch is whitefish, although some pickerel, pike, perch and tullibee are also taken.

Set Weight Limits

Most of the commercial fishing is done in winter when fishermen set their nets through holes in the ice. The provincial government sets a poundage limit for each lake suitable for commercial fishing.

Lesser Slave Lake, largest lake in the province, has a quota of 1,500,000 pounds of tullibee alone. Fishing there is done on a year-round basis.

Chicago and New York, the principal export markets, absorb about 90 per cent of the export trade. Eighty-five per cent of the fish exported are whitefish.

Permanent packing plants, operating for about six months each year, operate on Lesser Slave Lake. Most of the other lakes have temporary establishments where fish is cleaned, packed and iced for shipment.

Louis Frederick Laid To Rest

LAC LA BICHE — Louis Frederick passed away at the age of 96 years. He is survived by six sons and four daughters.

Funeral services were held at the Mission Church on March 3. Rev. Father Levert officiated. Interment was in the Mission cemetery.

Pallbearers were his sons and grandchildren and son-in-law.

MR. AND MRS. MATHEW BAKAY of Venice, who recently celebrated their silver wedding anniversary.

Venice Couple Celebrate Silver Anniversary

Mr. and Mrs. Mathew Bakay, a well-known district couple, celebrated their silver wedding anniversary recently.

Mr. and Mrs. Mathew Bakay settled in the Venice district 16 years ago when they first came from Poland. They have four children, Mrs. Violet Macor, Mrs. Loveth Beniuk, Miss Olga Bakay, now attending the University of Alberta, and Steve, the youngest, still attending school. Brian and Kenneth Macor are their only grandchildren.

There are four generations in the family, Mrs. Florence Bakay, mother of Mathew Bakay, who is the father of Mrs. Violet Macor, mother of Brian and Kenneth. All are in the Venice district.

To honor the occasion some 150 friends and relatives gathered at their home to make it a pleasant surprise.

Mrs. K. Shewchuk and Mrs. P. Bezpalko, both dressed in navy, acted as bridesmaids. M. Kulyk and

M. Kerelchuk were best men.

In the early part of the evening a buffet style supper was served to the guests. The head of the table was decorated with a three-tiered wedding cake flanked by mixed flowers.

Mr. and Mrs. M. Bakay received a kitchen chrome set from the crowd and an eight piece silverware set from their children and Mr. and Mrs. Rosychuk. Mrs. Rosychuk is the sister of Mr. Bakay.

Bob Stufferfield took the picture of the couple. A few musicians played the music for those who wished to dance.

Via the Grape Vine

By E. R. Beyko

It has been heard through the grapevine

... that the Lac la Biche Volunteer Fire Brigade is planning to hold a ham bingo sometimes in April. This will enable winners to have the ham for Easter.

... that a few working girls while out for coffee, stopped at a store to buy some Honey Boy doughnuts and then went to a cafe, ordered coffee and had their lunch.

... that the cold weather gets the people to thinking seriously. The other day over at the Royal Cafe an elderly man was trying to explain to a small fry that if Alberta and British Columbia signed a peace pact and removed the partition (mountains) between the two provinces, we too would get some of that warm air!

Funeral Services Charles Roy

LAC LA BICHE — On March 1, Charles Roy of Lac la Biche passed away in Edmonton at the age of 80 years.

Funeral services were held Mar. 4 at 3 p.m. at the Park Memorial Chapel and interment was made in the Soldier's Plot in St. Joachim's Cemetery. Park Memorial Ltd. were in charge.

The month of March is Red Cross month. Your Canadian Red Cross needs \$5,494,100 in 1955.

YOUR LEGISLATURE IN SESSION

By H. LOBAY, M.L.A.

This is the second week of the debate on the Throne Speech. The resolutions on private members' days have taken more time and interest than the throne debate. The opposition have tried upon every occasion to set up 'Royal Commissions to investigate every phase of government service and have not made much opposition to the throne speech.

The motions under consideration varied from Conservative accusation on land purchases near Calgary for Provincial Jail to the national Gas Export and the Trans-Canada Pipelines Ltd.

The following motions are under consideration:

The Canadian taxpayers' money be not used to guarantee Trans-Canada Pipelines Ltd. bonds. That in the event that is done that the returns accrued belong to the people of Canada.

This resulted in the issue of the Canadian government not granting export rights to serve Minnesota, U.S.A. area along the way to Eastern Canada in its \$300,000,000 pipeline from Alberta to Eastern Canada. If it has to be an all-Canadian pipeline route that huge expenditure may not be an economical project. To go along with that Trans-Canada wants to have some guarantee of success.

That consideration be given to the enactment of legislation making it an offence for a person to enter private property with firearms without the consent of the person residing thereon.

This came from areas where farmers have suffered losses from hunters going on farms and shooting cattle and damaging property. This will be brought by the Minister to the attention of hunters and Fish and Game Associations.

That Canadian government increase assistance to the provinces for protection of the forest reserves of the country.

That the McNally Commission now investigating Metropolitan Problems of Edmonton and Calgary also investigate the advisability of removing industries from municipal taxation and placing such industries on the provincial Industrial Tax Roll subject to a provincial tax with all revenues therefrom to be distributed to rural and urban municipalities and counties and improvement districts throughout the province.

Industrial Development has caused a lot of concern to cities and the municipalities where industries are situated. With the development of Natural Resources it has been the policy of the government to get industries into the province. With the supply of oil and gas, industries have flocked to areas like Edmonton, Fort Saskatchewan and other centres of the province, which have given tax concessions. Where cities had by act the right to allow 66 2/3% assessment other areas through the province are on a 100% assessment basis. There arose a battle for attraction of industries by various municipalities, each wanting the share of the added taxation.

Furthermore, with industries developing around the cities as in Clover Bar area and Strathcona, the people live mostly in the city, which is a large responsibility upon the city for services. The city is negotiating for incorporating these industrial areas into a larger Edmonton as in the case which the

commission is investigating. However, this is what is taking place in those surrounding municipalities. The industries have increased assessment so great that the taxpayers in that area are now paying half of what they used to. This year the industrial assessment will increase by approximately \$41,000,000 in Strathcona Municipality, which will further cut or eliminate taxation upon the farmers.

As this is going on, the neighboring municipalities that have no industries are increasing and doubling their taxation. Since these are industries which are developing the Natural Resources of the province which belong to all the people of this province, but only some areas are benefiting, I personally think it is only right that we should have a provincial assessment on such industries so that all people share in the development of the province and therefore returns should be shared proportionately. Hence this resolution is presented to the Commission to investigate this proposition.

Such resolutions as these are discussed during private members' days and will continue to be debated. During the debate on the Throne Speech any matter one wishes could be talked about. Friday was the close of the Throne Speech. Mr. Clark, upon closing the debate, said the opposition found it difficult to discover anything in the speech from the throne to criticize.

(Continued on Page 4)

Lac la Biche Mission

John Insch passed away suddenly in University Hospital at Edmonton. He was well-known here and held in high esteem by his friends. Interment was in an Edmonton cemetery.

Mr. and Mrs. Alex Plamondon and family from Plamondon were here Sunday visiting Alfred Beau-doin and Mrs. J. L. Jardi.

Miss Laurette Schaub of Plamondon is working for her aunt, Mrs. Leo Cloutier.

Ronnie Thomas of Edmonton was here recently visiting his parents.

George Ladouceur and his son, Thomas, are fishing at Beaver Lake.

Zoo's New Arrivals "Doing Well"

EDMONTON (BUP). — Edmonton's ordon Park Zoo now has a family of five bears.

The additions to the bear population came 10 days ago, when a mother bear gave birth to twins, both said to be doing well.

The Zoo has two adult females, a male and the twins. City Parks Department officials say it is the first time in about 12 years that bear cubs have survived at the City Zoo.

The new arrivals are not expected to make their debut for about six weeks or two months. They will stay in their den until the warmer weather.

\$200,000 Profit By New Edmonton Hotel Is Claim Of Calgary MLA

EDMONTON (BUP). — A Progressive-Conservative member of the Alberta Legislature called last week for a five-man Royal Commission to study the liquor question in the province.

J. Percy Page of Edmonton announced in the Legislature that he will submit a resolution urging the appointment of a commission "to hold a public inquiry into the work of the Alberta Liquor Act, the consumption of liquor within the province, and the method of dealing with the problem of alcoholism."

The resolution has been approved by the Edmonton Conservative Association.

Page charged that the liquor situation has produced a physical, mental and moral crisis in Alberta social life for which the government is largely to blame.

He said he was raising the question "at the request of the party with which I am associated in the hope that the Act may be thoroughly examined by an independent body similar to that at work upon the situation as it exists in Manitoba."

The Edmonton member said neither he nor his party advocated prohibition, because experience has shown a prohibition law is not workable.

Alberta ranks third among the provinces in the amount of beer consumed, according to Page, and, depending on which way it is figured, the profit to the government amounts to either 41 per cent or 30 per cent of the total sales of \$54,000,000. "I submit," he said, "that it is one of the greatest anomalies in the world for the government to be making over

\$15,000,000 a year in the liquor business while, at the same time, such worthy institutions as the Alcoholics Anonymous and the Alcoholics Foundation are forced to get along on a mere pittance—trying to undo the physical, mental and moral damage for which the government is largely to blame."

Page said there are now more than 25,000 problem drinkers in Alberta.

He also urged closer supervision of hotels, and said that one Edmonton hotel he knew had cleared \$200,000 since it was opened for business last October.

"I think it will be admitted that we cannot legislate people into business," said the member, "but we should be able to pass sensible laws and then insist that these laws be enforced to the limit. There is no use in fooling around with drugs, and liquor is certainly a drug. It has never done anyone any good, while it has certainly done plenty of harm."

Page said he did not favor a referendum as suggested by the Calgary Liberal Association, because the question is not one for or against liquor, but one of more sensible administrative policies.

The Royal Commission, having made a thorough study of the Liquor Act, would be in a position to give the government valuable advice.

Red Cross Urge For Young Donors

EDMONTON (BUP). — The organizer for the Red Cross Blood Donor Service in Edmonton has urged persons living in the area to become donors at the City Clinic.

William C. Paulin said that blood donation quota for the Edmonton area has not been met, and the lack of new donors has decreased the amount of blood available at the centre.

The organizer said that more hospitals and new additions, in addition to the quotas set by the Federal Government, have boosted the amount of blood the clinic is asked to supply.

Paulson urged younger persons, those of 18 years old and in good health, to become donors at the clinic.

Egg Lake

Mr. and Mrs. Jos. Girard had the pleasure of having a visit from their daughter, Jeanne, also their son, Charles and his friend, Miss Doreen Provencal, who motored from Edmonton for the week-end recently.

Mrs. H. M. Olson also had her son, Harold and his wife for the week-end of Feb. 20.

Miss Anna L'Heureux is back home after having spent some time in Lac la Biche Hospital.

Mr. and Mrs. A. Huppie have had their daughter, Delia and her baby staying with them, while her husband, Amedee Duperron, was in hospital in Lac la Biche, following two accidents on the same day. He had the misfortune of having one finger completely cut off and two other fingers badly cut while working in a saw mill. His boss left with him for the hospital, but they met a truck on a narrow winding road and collided. Mr. Duperron's face was badly cut and his nose broken. He is now out of the hospital and recovering.

Mr. and Mrs. James Rudiger of Adanac, Sask., who spent some time visiting at the home of Mrs. Rudiger's parents, Mr. and Mrs. A. L. L'Heureux, have now rented a house in Lac la Biche and will spend the rest of the winter there. James will be working at Lac la Biche Garage.

GRASSLAND Alberta

Your Legislature In Session . . .

(Continued from Page 3)
On Friday, we also heard the Provincial Budget of \$222,557,12 delivered in the Legislature by Hon. C. E. Gerhart. This marks the beginning of the Budget Debate and the opposition leader is to speak first on it on Monday. You can speak now on matters pertaining to the budget. It is now that money bills are presented and debated on.

This year marks a record high budget with estimated expenditures of \$179,963,072 on income and capital account. This is a deficit of \$2,521,557 on the estimated revenue of \$177,441,515, with an additional \$43,000,000 to meet statutory payments of: \$30,000,000 for municipal loans, \$7,900,000 loans to Alberta Government Telephones, \$5,000,000 loans to rural electrification associations, \$1,000,000 loans to new homesteaders.

It is expected that \$45,521,557 will be required from accumulated surpluses of past years.

Direct assistance to municipalities will be \$59,069,555 of which for education will be \$30,260,990, health \$7,502,400, highways \$10,475,000, grants in lieu of taxation \$136,500, from public welfare, lands and others \$1,680,450; municipal assistance act grants \$9,015,205.

Province will spend on education a total of \$34,411,365 which in operational grants will be approximately 50% of the costs. For health \$23,111,900 which will incorporate medical services insurance and pay 1/3 of the cost, and 60% of hospitalization services. Highways department appropriations are \$56,511,875, of which district highways and local grants will be \$8,225 and \$40,674,440 for new highway construction.

I will give you further budget benefits in later issues but I want to bring out some pressure-group unfounded issues.

Some people continually say that the government has too much money but provides only niggardly services. As you see that the increased services provided in the budget is over and above the estimated revenues and that we are drawing on accumulated reserves. If government yielded to every pressure-group without looking at the administration of the province to the best interest of all the people of the province then these would be the extra additional costs for what some are asking and not knowing what it would mean to the entire provincial economy in terms of dollars and cents:

1. If the province should pay a special grant of \$10.00 per capita to all municipalities for Alberta's 50th Jubilee, it would cost the province \$7,500,000.

2. If the province should pay the portion of the cost of hospitalization presently borne by municipalities it would cost the province an extra \$8,000,000.

3. If the province should abolish the means test for old-age assistance pensioners it would cost the province an extra \$6,000,000.

4. If the province should increase pensioners' supplementary allowances from \$15.00 to \$25.00

6th Century Beauty Secrets

MAUREEN SWANSON, who plays the role of Elaine, the Fair Maid of Astolat, with Robert Taylor in M-G-M's CinemaScope production of "Knights of the Round Table," uses rose petals to bring the color to her cheeks, sticks of charcoal to blacken her eyebrows, and powdered chalk to make herself pale and interesting—just like gals did in the days of good King Arthur.

a month it would cost the province an extra \$3,000,000.

5. If the province should increase various hospital and welfare grants it would cost the province \$4,000,000.

6. If the province should pay municipalities grants in lieu of taxes on all government buildings it would cost \$2,500,000.

7. If the province should extend the capital borrowings assistance act to include nurses' homes and construction of rural telephone lines it would cost \$3,000,000.

8. If the province should increase to 50% of the cost of education it would cost \$3,000,000.

You hear of many other things that people say that the government should do which may be sound, reasonable and constructive suggestions but just total the few of the above mentioned extras and you will see for yourself the deficit we will run into, in addition to this year's budget deficit.

These demands involving increased expenditures of public funds should be matters of public interest and concern.

If you have any comments to make, write to me at the Legislative Buildings, Edmonton.

WANTS FEDERAL GOVERNMENT TO CONTRIBUTE TO SCHOOL COSTS

EDMONTON (BUP).—The Federal Government was urged last week to recognize the "acute situation" caused by the increasing costs of school operation and administration.

A. J. Dixon, Social Credit member of the Alberta Legislature from Calgary, said he would like to see the Federal Government take similar steps to those of the United States Government, which is buying school bonds at low rates of interest and making direct grants in aid to meet urgent situations.

Said Dixon: "Only through the co-operation of all levels of government will the urgent situation that faces the school and local taxpayers be met."

Dixon also suggested in his speech during the Throne Speech debate that the provincial govern-

ment should pay a pension to the disabled man of the house where the wife's income exceeds the allowable.

He asked Agriculture Minister L. C. Halmrast if consideration could be given to removal of the weir just west of the Louise Bridge in Calgary. Residents of the area, he said, felt that the weir had passed its term of usefulness, and should be removed.

Dixon said there had been no flooding so far this winter on the Bow River at Calgary, and there had been no real testing period to determine whether the new Bears-paw Dam west of the city would help prevent further flooding.

Even though you can't carry a tune, you can have the melodies of heaven in your heart.

Public Health in Alberta

and given responsibility for administering all legislation relating to health.

The Department of Public Health now consists of fifteen divisions, each responsible for its own special field. The divisions and chief functions of each are as follows:

1. **PUBLIC HEALTH EDUCATION.** This division encourages better health practices among the people by means of literature, lectures, radio programs, motion pictures and film strips.

2. **COMMUNICABLE DISEASES.** The purpose of this division is to record the incidence of communicable diseases within the Province and to advise and assist local health authorities on the most effective methods of prevention and control.

3. **ENTOMOLOGY.** This division was established in 1944 for the control of insect-borne diseases. It makes surveys of spotted fever, plague, tularemia and encephalomyelitis.

4. **HOSPITAL AND MEDICAL SERVICES.** Responsibilities of this branch include payments of hospital grants, supervision of hospitals, payment of maternity hospitalization, hospitalization of various pensioners, mothers' allowance recipients and the dependents in these groups. Training of nursing aides is also supervised by the division as well as the organization and general supervision of municipal hospitals. This division also supervises the hospital insurance program of the province which is sometimes called the "dollar a day" program.

5. **PROVINCIAL LABORATORIES.** Well equipped laboratories are maintained at Edmonton and Calgary. Services are available to all doctors, hospitals and Boards of Health in the Province. Serums and vaccines are distributed from these centres and various examinations and analyses are conducted for the detection and control of disease.

6. **MENTAL HEALTH.** Mental hospitals under the direction of this division provide scientific medical and nursing care for the mentally ill. Guidance clinics help to solve behavioral and emotional problems in both children and adults and thus prevent mental ill health.

7. **SOCIAL HYGIENE.** By the operation of clinics and by means of lectures, this division seeks to cure and control venereal diseases.

8. **Tuberculosis Division.** This provides free diagnostic and treatment service for all tuberculosis cases. Mobile X-ray units periodically survey the entire population of the Province. Modern sanatoria are maintained near Calgary and in Edmonton.

9. **CANCER.** Three diagnostic clinics are maintained to which suspected cancer sufferers are referred by their family physicians. Diagnosis, radium, X-ray and surgical treatment as well as treatment by a Cobalt "bomb" are provided at government expense.

10. **CEREBRAL PALSY.** Since 1950 diagnosis and treatment clinics have been provided to sufferers at government expense.

11. **RHEUMATOID ARTHRITIS CLINICS.** Services provided here include 90 days free hospitalization and treatment to Albertans up to 25 years of age.

12. **SANITARY ENGINEERING DIVISION** protects public health by supervision of water supplies and sewage disposal systems. Hotels, restaurants, slaughter houses and dairies are inspected in those parts of the province not provided with this service by their local health departments.

13. **NUTRITION.** This division, formed in 1947, conducts educational work for better eating habits and more nourishing diets.

14. **VITAL STATISTICS DIVISION** records all births, marriages and deaths.

15. **PUBLIC HEALTH NURSING DIVISION** organizes the health program of rural communities. Prevention of disease is the keynote, with special emphasis being placed on pre-natal and post-natal care, immunization and school health supervision.

space and a well-drilling outfit drilling for a water supply. Beyond this, not shown in the picture is the other half of the house, identical with the one in the picture.—Department of Agriculture Photo.

3 Children Perish When Mother Leaves Home

Two fires claimed four lives in Alberta, Tuesday. Three children perished when flames destroyed their home at Mercoal, 150 miles west of Edmonton, Tuesday afternoon, and a 30-year-old man died at Olds in a fire that raced through a bowling alley and coffee shop in that central Alberta town.

OFFICER IN HOSPITAL

Dead are: Keith Kirby, four; his brother, Allan, one; his one-month-old sister, Rose Marie; Con Rapchan, owner of the Olds Bowlingdrome.

In addition, RMCP Const. C. C. Conrad is in Olds hospital after being overcome by smoke while attempting to rescue Rapchan.

The children were those of Mr. and Mrs. Edward Kirby of Mercoal.

Police said Mrs. Kirby left the house for a short time after fixing a coal stove. When she returned the house was a mass of flames. Mr. Kirby was not home at the time.

It was not known whether any other members of the family were absent from the Kirby home when the blaze broke out. RCMP at Edmonton said the bodies of the three children had not been recovered from the ruins of the burned house.

No other details were immediately available.

Damage was estimated at \$36,000 in the fatal fire at Olds.

Const. Conrad and Ronald Newson were driven back by smoke in their first attempt to rescue Rapchan, sleeping in the basement. They succeeded in reaching the owner after donning smoke masks but Rapchan was pronounced dead

when removed from the burning building.

FOUND NEAR STEPS

Rapchan had apparently been awakened by the fire as his body was found about 25 feet from the basement steps.

Firemen found their efforts to locate the source of the blaze hampered by the smoke.

Rapchan is survived by his mother at Edmonton.

No neighboring structures were damaged by the fire, which burned out the interior of the bowling establishment, but caused only superficial damage to the coffee shop.

Antibiotics Said Important Find

EDMONTON (BUP).—A professor of animal science says the use of antibiotics in feeding livestock and poultry is a most important advance in the field of agriculture.

Dr. J. P. Bowland, of the University of Alberta, told the 12th Agricultural Short Course in Edmonton that antibiotics had made possible rates of growth never hoped for 10 or 15 years ago.

He said some experts claimed the finding had caused a "near revolution in livestock and poultry feeding." Bowland, however, pointed out that the use of antibiotics is not a cure-all, and it is not recommended to make poor livestock good.

Uncle CHARLEY'S "Epigrams"

Too many love nests are filled with cuck coos.
Fun is like life insurance, the older you git the more it costs.
When a feller is more interested in his food than the waitress, he's gittin' old.
Good old America the LEND of opportunity.
Some gals would stack up better if they wasn't spread out so much.
Nope it never takes much cheek to chin.
To be a good liver you gotta put your heart in your work.
Some folks think that a bum steer is a tough steak.
A hen pecked hubby sure is kept scratchin'.
People who carry tales should have their heads examined.
Love may be blind but it's sure a sight how it sometimes acts.
Some fellers git their bread and butter through their crust.

Solution

Newbrook

On Friday the HSA held an amateur hour in the community hall, but due to cold weather the attendance was poor.

On Saturday, Mrs. Nuttycombe, home economist teacher at Newbrook High School, took 24 students to Guests Day at the University.

The Ladies' Curling Club held its first bonspiel Feb. 26 and 27. Eleven rinks participated in the event. Results are as follows: Grand Challenge, Smoky Lake rink, skip, Mrs. Holmes; second, Redwater, skip, Mrs. Jessup; third, Newbrook, skip, Miss Doris Melnyk.

Second Event—First, Waskatenau, skip, Mrs. Shevelup; second, Waskatenau, skip, Mrs. Elliott; third, Newbrook, skip, Mrs. Frank Pollard.

Hard Luck Prize—Bruderheim, skip, Mrs. Ben Schultz.

A banquet was held in the community hall on Sunday, during which some Newbrook girls, Zita Buerger and Clara Kachkowski, entertained with an accordion and song number; Evelyn Gordash played the guitar and sang. Mrs. Frank Pollard was mistress of ceremonies. After the banquet community singing was enjoyed, and Bruderheim and Redwater ladies also gave musical selections.

The chicken supper to be held Sunday night by the Farmers Union has been postponed.

Harry Orichowski is in Lamont Hospital.

Mrs. S. Senyk of Hollow Lake is home from hospital.

Character investments pay big dividends.

BOYLE BOARD OF TRADE ANNOUNCES CARNIVAL DATES

Cancellation of the Boyle Ice Carnival on Feb. 25 was necessary due to extremely cold weather. The Boyle and District Board of Trade, sponsors of the Annual Ice Carnival, report that the event will be held on March 11 regardless of weather conditions.

In the event that the weather is unfavorable again, the carnival will be held inside the Boyle Community Hall. A variety of games will be provided, and the entertainment highlight of the evening will still feature the crowning of the "Queen".

If the weather permits the holding of the carnival outside, it will be bigger and better than ever. Outstanding Edmonton figure skaters such as Greta Hanna Fuchs, Phyllis McCurdy, and Margaret MacGregor, will be performing.

One of the main events in the ice show will be the play Snow White and the Seven Dwarfs, which is being directed by Mrs. Giles and Julien Funnell. Undoubtedly it will be an even greater success, as little practising could be done during the cold weather.

Hockey games will feature local teams, the Grassland Midgets and the Smoky Lake Seniors.

Mrs. Smith and Mrs. Siminiuk are to be congratulated on the elaborate arrangements they have made for the crowning of the Queen. Costumes for the Queen and her attendants have been selected and prepared with the greatest of care.

Mrs. Benedetto will serve supper to the visitors from Edmonton.

Peter Andrusky promises a good time to all who attend the dance in the evening.

Edmonton Man Dies Under Bulldozer Blade

EDMONTON — Marshall Federspiel of Edmonton died when he was trapped under a bulldozer blade on the Cooking Lake highway about four miles east of Edmonton.

Federspiel had apparently been removing the blade from the bulldozer, when the blade-arm fell and trapped him.

ALBERTA HONORS HER PIONEERS

with Senior Citizen Scrolls

For their contribution to Alberta's Fifty Golden Years, all pioneers who were in the Province at the time of its establishment in 1905 or before, will be presented with Senior Citizen Scrolls, upon application. Crests on the delicately engraved border of the scroll will depict history motifs of the province, and the script will identify the recipient as a Senior Citizen. The name will be hand written on each scroll by an artist.

• Who May Apply:

All persons who have been in residence in the province since the year 1905 or prior, may apply for a Senior Citizen Scroll. A short period of absence does not disqualify you.

• How to Apply:

Application must be made for scrolls.

Forms will be available soon at Municipal Offices in each district or from the Jubilee Committee. Completed application forms are to be sent to the Committee (address below).

Closing Date for Applications, August 1st, 1955

To enable the Jubilee Committee to prepare and distribute the scrolls, your co-operation is requested. Completed applications must be received by August 1, in order that distribution may begin by August 22.

• Distribution of Scrolls

The majority of scrolls will be mailed from the Jubilee office to the applicant, but communities wishing to be responsible for distribution at special presentation ceremonies, even prior to August 22, are requested to prepare a list of eligible citizens and ensure that application forms are submitted well in advance of the date scrolls are required.

• Honoring Our Pioneers

They, who homesteaded in Alberta at the turn of the century, or who pioneered in industry—they, who saw the birth of a great province and contributed to 50 years of progress—it is they who are worthy of a special and personal commendation by the rest of us—their relatives, friends and neighbors. Whatever the date, wherever the presentation of a Senior Citizen Scroll—in a home or at a public gathering, join in our Golden Jubilee Celebrations by adding your personal congratulations.

• Senior Citizen's Day

A Senior Citizen's Day has been added to the agenda of official dates for the Jubilee Year. September 10th has been set, though communities throughout the province will be holding special Senior Citizen Scroll presentations to coincide with their own Jubilee activities.

Polio Patients Irrked At Hospital Conditions

EDMONTON. — The Alberta department is investigating complaints by some 25 polio patients regarding conditions at St. Joseph's Hospital in Edmonton.

Dr. M. G. McCallum, provincial director of hospital and medical services, said patients have complained about the manner in which food is served, accommodation in wards with other chronic patients and the use of the hospital gymnasium.

Dr. McCallum said he received the complaint about two weeks ago

from a group of patients. He planned a personal visit to the hospital to look into the matter.

Most of the patients who complained were in hospital for a year or more and were "frustrated and tired of living in an institution," he added.

Frains

John Shylan has brought some seed oats for some farmers from the city.

Mrs. Smith was in the city for a few days.

Mr. and Mrs. Alexander Sawchuk spent a week-end at Caslan while Bob Sawchuk kept the fires burning.

Frains has had the side roads cleared by the municipal grader.

Miss Elsie Koltowski was home for the week-end.

LAC LA BICHE NEWS BRIEFS

All the forest officers attached to the Lac la Biche Division of the Department of Lands and Forests attended a three-day term of Forest School at Lac la Biche on Feb. 28.

March 1. Officers attending were: R. Diesel, Wandering River; L. Yanik, Fort Fitzgerald; J. Plows, Fort Chipewyan; L. Lap, Fort McKay; M. Gagnan, McMurray; A. Sturko, McMurray; J. Lawrence, McMurray; W. Plows, Anzac; M. Eberle, Conklin; N. C. Peterson, Bonnyville; W. M. Macpherson, Calling Lake, as well as the entire personnel stationed at Lac la Biche. Some personnel from Edmonton also attended.

The FUA convention was held at Craigend Feb. 15. Speakers were Clarence Anderson, district director, Freedom; Mrs. Taylor, FUA executive, Wainwright; Mrs. Beach, FWUA, director of District No. 3, organizer of women's local, Westlock.

The party adjourned for dinner at 12:30 p.m. by the ladies of Craigend.

The convention reopened at 2 p.m. with a sing-song led by Mrs. Beach. Resolutions were brought in and discussed, mainly on parity prices and livestock. Walter Porchinsky was elected sub-district director.

Twenty-four rinks entered in competition in a seven-day bonspiel of three events at the Lac la Biche curling rink. J. Olstad took first in the Grand Challenge, leaving M. Thorndycraft second, Steve Hamar third, and J. Klein fourth.

In the second event—First, Roy Raines; second, R. Stubberfield; third, G. Bligh; fourth, L. Badry.

In the third event—First, N. Miskew; second, Ray Scheltens;

third, Dr. Brimsmead; fourth, Carl Birks.

Forty-eight prizes were donated by the merchants of Lac la Biche and the curling club.

Pete Sampietro and sons have loaded a carload of equipment and have ventured north again.

Miss Mary Lachowich was home for the weekend. She is going to McTavish Business School in Edmonton.

Miss Ramona Lusch is no longer working in the York Hotel. She is planning on going home to Valleyview in a short while.

John Stefanik has returned home after a short vacation in British Columbia.

Paxson

In the Athabasca Hospital for a short time was Mrs. G. Hague Jr. and Mr. and Mrs. John Berezowski's baby with pneumonia.

Visiting from the city recently at the Louis Brouillette home were Mr. and Mrs. B. Halverson and Miss Elsie Berezowski.

Mr. Whittaker had the misfortune to hit the ditch on an icy stretch of road just south of Flat

Lake Hall, breaking a wheel off and doing other damage to his car. The annual meeting of the Coffin-ton-Paxson R.E.A. was held in Silver Fox School on Saturday, Feb. 26. In spite of the cold weather, a large crowd was in attendance. A total of 154 farms in this area are now electrified.
